

We believe that excellence in the management of Health and Safety is an essential element within our overall business plan – a good Health and Safety record goes hand in hand with high productivity and quality standards.

People are the most important asset to this company, and therefore we are totally committed to ensuring their health, safety, and welfare at all times. From an economic point of view, the company believes that prevention is not only better, but also cheaper than cure. There is no necessary conflict between humanitarian and commercial consideration. Profits and safety are not in competition. On the contrary, safety is good business.

The Company is committed to ensuring that it complies with all relevant Health and Safety legislation and where it is reasonably practicable to do so, the company will strive to go beyond the requirements of legislation. To achieve this, the Company will provide the necessary resources and will seek the co-operation of all its employees for the purposes of implementing this policy. Moreover, the Company will also ensure all employees are adequately qualified and experienced to allow them to carry out their work safely and without risk.

The Company is committed to ongoing monitoring and review processes, so that continual improvement in the management of Health and Safety can be achieved. Our general intentions are:

- To provide adequate control of the Health and Safety risks arising from our work activities.
- To consult with our employees on all matters affecting their Health & Safety.
- To provide and maintain safe equipment.
- To provide information, instruction, and supervision for employees.
- To prevent accidents and cases of work related ill health.
- To maintain safe and healthy working conditions.
- To review and revise this policy at regular intervals.
